HCS-Manual	<i>Computer Center (S300)</i>
Grad-Lounge	<i>MBA Lounge (F330)</i>
HCS-Bofaforum	<i>Bank of America Forum</i>

Express Printers

TS has two types of Express Printer stations available: the Fixed- and Rolling stations. These are non-networked stations designed for quick printing jobs and are users are requested to limit non-printing use at these stations.

There are two Fixed-station Express Printers located inside the Computer Center (S300). These have desktop computers hard-wired to table-top printers, and are available for all to use.

There are also two Rolling Station Express Printers which are set on moveable carts with a desktop computer and portable printer. Mostly, these stations are deployed during special classes or events and use may be limited to the class or event participants only.

PRINTER NAME	LOCATION
Express Printer (Fixed)	<i>2 Stations available Computer Center (S300)</i>
Express Printer (Rolling)	<i>2 Stations *Not regularly deployed; location varies</i>
